

70 is nothing
Just 3 and one half score
That's only 7 decades
I'm sure you've 7 more
You're tough as boiled leather
You're smarter than a whip
Still pretty as a picture
With both of your own hips
So 7 more is all I ask,
Just promise me you'll try
Otherwise who'd soothe me
When a picture makes me cry?
Remember that old lady?
Her back bowed by those sticks?
Turns out she was 69
The day they took that pic...

So Much of Me is You

People always ask themselves

"How did Sam get so cool?"

"How did he stay so even-keeled

And do so well in school?"

"Where'd he learn to rouse IPs?"

"Who taught him how to mask?"

I'll tell you what I tell them all
whenever they all ask.

I tell them all I had a guy
that taught me all he knew

I tell them all that I'm your son,

So much of me is you.

To is nothing
